Synopsis of this year's team: This year's team will be returning 17 players who have started at least 5 games last year. The Roos only graduated 5 seniors from last year that lost to eventual state champ Oak Grove in the quarters. A great deal of experience and talent is returning this year. The Roos will be an experienced group upfront in offense with 4 of 5 starters returning upfront led by returning all-stater Edwin Wilson. The skill positions will be led by Kevante Carter, Shemar Cooper, Jermaine Brown, and Rayvon Moore round out the receiving corps. At running back Sean Burton is a returning all-district player. At quarter the Roos will have a competition between two seniors who both have starting experience. Germarcus Wilson took over last year after returning starter Eric Earl was injured. Wilson went on to be first team all-district. Both players return this year.

On defense the Roos will be led by Iamichael Callihan. Callihan is Trey Palmer's little brother. He made 1st team all-state as a sophomore. He led the team in sacks and tackles for losses. The defensive line also returns starter Jaquavis Blount. At linebacker all four players have starting experience led by all-district performer Tylan Brumfield. The secondary returns starter Noah Cooper at safety and Kevante Carter at cornerback.

the Roos return a lot of experienced players in 2023. Hopefully the Roos will be playing deep into December this year.
